

RESCIND BOARD REPORT 01-0425-PO3 AND ADOPT NEW  
POLICY ON THE CLOSING AND CONSOLIDATION OF SCHOOLS

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

Rescind Board Report 01-0425-PO3 and Adopt New Policy on the Closing and Consolidation of Schools.

TEXT:

When considering the matter of closing schools or the consolidation of school facilities, it is the intent and desire of the Board of Education to provide students high quality academic opportunities in a supportive educational atmosphere. If the Chief Executive Officer plans to recommend any school closing or consolidation, he or she shall convene a hearing to allow all interested parties to present their views. After the hearing, the Board will take final action on the proposed school closings or consolidations prior to the beginning of the following school year.

CRITERIA FOR SCHOOL CLOSINGS FOR NON-ACADEMIC REASONS

**Availability of Relocation Space.** No school will be closed unless another school within a 2.5 mile radius has available space, as measured by design capacity, to relocate students from the closed school. School attendance boundaries will be redrawn to ensure that no student is required to walk more than 1/2 mile to a school site. In addition to distance, other factors will be considered, such as natural barriers (e.g., waterways, industrial complexes, streams, and wooded areas), safety hazards (e.g., multiple rail lines, expressways, railroad viaducts over one-half block long, streets of four or more lanes with heavy traffic, and certain neighborhood conditions (e.g., abandoned buildings, criminal activity, etc.))

determined by the facility's design capacity.

Schools

Students whose schools are closed should have access to an alternative school that is closed. The Board's determination of school quality may be based upon, but is not limited to, student performance on academic proficiency testing, implementation of the School Improvement Plan, dropout rate, and graduation rate.

Permitted Alternative Use of School Site

The Board may decide to use space designated for school purposes for other purposes (e.g., for support services)
