When a student has been accepted for enrollment at a magnet school, specialty school, options for knowledge program, voluntary transfer program, or open enrollment program, that student must complete the enrollment process and be enrolled at the designated school by the deadline. If a student is not enrolled by the deadline, the student is being enrolled at the designated receiving school.

When a child is seeking enrollment in his/her attendance area school for the first time in a year at an approved controlled enrollment school, the child will be assigned to a designated receiving school. The designated receiving school is the school of the child's attendance area. The designated receiving school will provide assistance in appropriate placement for the child, with the provisions of the Consent Decree and the Comprehensive Student Assignment Plan.

When a child is seeking enrollment in a school that is not the child's designated receiving school, the child's parent/guardian must provide documentation, including an Individualized Educational Plan (IEP) documenting the child's educational needs, and that school is unable to provide or develop the child's educational needs. The child's parent/guardian must also provide documentation that the child's current school is unable to provide or develop the child's educational needs. The child's parent/guardian must also provide documentation that the child's current school is unable to provide or develop the child's educational needs.
