**RESCIND BOARD REPORT 06-0927-PO1  
AND ADOPT A NEW ADMINISTRATION OF MEDICATION POLICY**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Board rescind Board Report 06-0927-PO1 and adopt a new Administration of Medication Policy.

**PURPOSE:** The purpose of this policy is to establish the requirements for students to receive medication.

(6) A description of the student's past chronic or acute reactions; including triggers and warning signs;

(7) Current condition/medical emergency contact information and recent history of occurrences;

(8) A description of the student's emotional response to the condition and the need for intervention; and

(9) Recommendations on any appropriate ways to include the student in planning or care and

Parent/Guardian shall submit the requisite self-administration authorization(s) using the form(s) established by the Chief Education Officer or designee. In this authorization form, the parent(s) or guardian(s) of the student must sign a statement that:

(s) acknowledge that the District and its employees and agents are to incur no liability, except

for willful and wanton conduct, as a result of any injury arising from the self-administration of medication

in the use of an Epi Pen, regardless of whether the authorization was given by the student's

III. **EMERGENCY RESPONSE:** In the event that a student's emergency response measures are

immediately. School staff shall remain with the student at all times during a medical emergency or perceived medical emergency. If a student is transported to a hospital, a full-time school staff member shall accompany the student until the parent/guardian or emergency contact arrives. A school shall ~~prepare an incident report in all instances when emergency response measures are initiated or other~~

Board's Food Allergy Management Policy. School personnel shall further complete in-service training on

stock Epi-Pens specified by the Chief Education Officer or designee.

D. Diabetes Training: Annually schools serving students with diabetes the principal shall ensure that school personnel receive the training specified in the Board's Diabetes Management Policy.

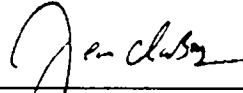

E. Other Medication-Related Training: The principal, in consultation with the school nurse, shall ensure that school personnel receive all other health-related and medications-related training required by the Illinois School Code.

Approved for Consideration:

Noemi Donoso  
Chief Education Officer
