P - Parent/Guardian Role: When a parent/guardian reports that their student has been diagnosed

[REDACTED]

medication, a task for which the Registered Nurse is qualified and required to complete. If additional information is needed, the Registered Nurse has the professional responsibility to

consult with the student's prescribing medical provider to clarify that information found in the written order.

Use of medications report to address... (partially obscured)

V. MEDICATIONS

A. Medication Types:

1. All medications given in school must be prescribed by a medical provider. Such written documentation must be maintained in the student's health record. All medication authorizations for school administration must:

- rationale for need during school hours or school sponsored activities;
 - b. Be in the original packaging;
 - c. Conform with the Illinois Nurse Practice Act;
 - d. Not carry a high cardiac or respiratory risk that may require advanced life support.
2. Prescribed Medications: must include requirements listed in Section V.A.1. and additionally be:
 - a. Provided in a clearly labeled container;
 - b. Dispensed by state-approved pharmacy,
3. Over the Counter Medication: Over the counter medications will be treated in the same manner as all other medications during the school hours. Students requiring over the counter medication during school hours or school sponsored activities must also be

skin or mucous membranes), transdermally (through the skin as a patch), or subcutaneously (under the upper layer of the skin).

- D. Changes in Medication: Any medication changes including but not limited to the dosage, route, medication or administration times, require the parent/guardian to submit a prescription or new written orders from the student's medical provider.
- E. Discontinuing Medication: If a medication is to be discontinued, the parent/guardian must submit written notification from the student's medical provider. Without the aforementioned notification, a 504/IEP meeting must be convened to evaluate the need and consider discontinuing the administration of medication during school hours.
- F. End of School Year Medication Removal: At the end of the school year or the end of the medication course, procedure and/or treatment regimen, the student's parents/guardians will be responsible for retrieving any unused medication. If the parent/guardian does not pick up the medication by the end of the last day of the academic school year, the Nurse will dispose

outlined in their EMM/ED to treat life-threatening ailments.

3. Diabetes testing device, supplies, insulin, and rescue glucagon;

4. Follow-up supplies, equipment, and cost.

student or the absence of the parent/guardian signed statement acknowledging no liability, except for willful and wanton conduct (actual or deliberate intention to cause harm or which, if not intentional, shows an utter indifference for the safety of others), the District and its employees and agents, including a medical provider providing standing protocol or

discipline except for willful and wanton conduct as a result of any injury arising from the

cannabis and stock epinephrine auto-injectors. Additional information and resources can be found on the Office of Student Health and Wellness website at cps.edu/oshw.
